Profile

Over 25 years of professional experience as a graphic artist with the ability to produce custom artwork to meet any specific project need. Accomplished full-stack web developer, writing code for responsive, dynamic, custom web pages and applications. Design, create and prepare graphics for all types of media including screen printing, embroidery, offset printing, and optimized imagery for the web. Technically trained in all areas of digital prepress and production.

Professional History

Freelance Designer and Web Developer | Audrey Designs

September 2022 - Present

- Design and create custom artwork for use on the web and various print projects including garments, promotional items, business cards, letterhead, brochures, etc.
- Provide clients with web optimized or print-ready digital files
- Layout, develop, and deploy fully responsive web pages
- Assist clients in obtaining domain names, email accounts, web hosting, and database services as necessary
- Produce invoices and oversee collection of payment for all services rendered

Art Director | Screen Art LLC.

June 2007- September 2022

- Conceived and constructed custom designs for garment and promotional item decoration
- Prepared all digital files for silk screen, embroidery, sublimation, and offset printing
- Implemented a proofing process to streamline production and ensure accurate job execution
- Executed photo shoots and photo modifications for printing strike-offs or sample mock-ups
- Maintained multiple company web-sites, literature and promotional related materials

Production Artist | Lakeshore Learning Materials

August 2005 - June 2007

- Generated artwork for product packaging of early childhood toys and learning materials
- Worked closely with Research and Development staff to design a complete product for executive approval
- Prepared files for prepress approval and to meet vendor specifications

Associate Art Director | Venus Laboratories

June 2003 - August 2005

- Produced artwork for packaging, marketing material, and advertising
- Completed in-house photo shoots necessary for product literature and labeling
- Prepress file preparation for flexographic and offset printing
- Oversaw press checks and approved printer supplied proofs for production
